# Bringing Natural Law Out of Hiding

*Natural Law: synonymous with God's Law, or The Laws of Nature and Nature's God*

The Pennsylvania Pioneers have become increasingly aware of the importance of educating ourselves and others on the true history of our country and its founding documents for the purpose of restoring lawful governance in Pennsylvania. Lawful governance in the State begins with good Self-Governance. Good Self-Governance is the result of knowing our identity and practicing virtues and principles of God's Law.

**“If we are to go forward, we must go back and rediscover those precious values - that all reality hinges on moral foundations and that all reality has spiritual control.”**

**- Martin Luther King Jr.**

Throughout our ongoing journey of educating ourselves we learned many things from many different sources. Russel Witte, from Pima County, Arizona, was one of those sources. He was invited to be a guest speaker on the Wednesday evening Assembly Training Call to talk about holding public servants accountable. He talked about the power of Affidavits but concluded that understanding the principles of Natural Law is even more effective than Affidavits and removing criminal public servants from their seats. It is about changing ourselves first before we can effectively change our environment. Since we are passionate about Self-Governance this resonated deeply with us and we wanted to learn more.

He shared how Natural Law used to be well understood, but deliberately, over time, was withheld from us. Of course, we invited him to speak on several more occasions, where he shared more about what he had learned about Natural Law from Mark Passio.

We learned that truly understanding Natural Law is fundamental.

By now, most of us have heard the phrase, “Laws of Nature and Nature's God” as found in the Declaration of Independence. So, what are the Laws of Nature and Nature's God??? This sounds like Natural Law, right?! A lot can go wrong when the practice of Natural Law is absent.

Mankind is in a current state of cleverly disguised slavery, and has been for a good while. This is due, in part, to our belief in Authority. Our understanding of authority stems back to the religious belief that some people have the moral right to command while others have the moral obligation to obey. Aligning ourselves with this belief has made us easy prey for governmental overreach. Interestingly, authority is described as an illusion and a form of mental illness!

**“A free people [claim] their rights as derived from the laws of nature, and not as the gift of their chief magistrate.”**

**- Thomas Jefferson**

Another reason we have not been astute to the tenacious grip of slavery is because Natural Law has been deliberately hidden from us. Natural Law is a set of God-given, universal principles of objective morality, in which specific behaviors lead to unavoidable consequences. At the core of this law, transgressions against another is wrong because it is some form of theft.

1. Murder is theft of life;
2. Assault is theft of bodily well-being;
3. Rape is theft of sexual free will;
4. Theft is taking the physical property of another;
5. Trespass is theft of the security of one's living domain;
6. Coercion is theft of free will through duress;
7. Deception is theft of truth needed to make informed decisions.

Freedom and morality are directly proportional and cannot be separated from each other. A known formula is, "As Morality increases, Freedom increases. As Morality declines, Freedom declines."

**"A general dissolution of Principles and Manners will more surely overthrow the Liberties of America than the whole Force of the Common Enemy."  
- Samuel Adams**

Understanding the word "government" in the English language is helpful in order for us to understand the current slavery system we have been living under. This English word is made of two Latin roots; one is *gubernare*, meaning *to control*. The other is *mens*, meaning *mind*. This translates into *mind control*. The government is skilled at using mind control to ensure individuals give up their sovereignty. Human consciousness can be manipulated to accept its own bondage through mind control. By mind control tactics, the government can cause the innocent to believe themselves to be guilty, while they (government officials) hide their fraudulent and criminal actions behind the screen of being untouchable.

The current global social structure relies on us being imprisoned by our own minds. Being tied to the belief of the Authority of Government makes us vulnerable to the emerging New World Order. We become unable to stand in our sovereignty against the New World Order because physical bondage is merely the final, outward manifestation of a mental state where individuals forfeit their own sovereignty. Living by Natural Law can give us the tools we need to be truly sovereign.

**The natural liberty of man is to be free from any superior power on Earth, and not to be under the will or legislative authority of man, but only to have the law of nature for his rule.  
-Samuel Adams**

The principles of Natural Law, as presented by Mark Passio, can be stated as follows:

**#1 The Law of Mentalism:** Thoughts lead to manifestation of things and events. Thoughts create our state of existence and quality of our experiences here on earth. Therefore, I am responsible for everything I create by being responsible for what I believe and think.

**#2 The Law of Correspondence:** That which is above is like to that which is below. The very large and the very small are reflections of each other. The Universe is a reflection of itself. Therefore, the little things I do have very big implications.

**#3 The Law of Vibration:** Everything vibrates. At the most fundamental level, the Universe and everything in it is pure vibrational energy. Matter is energy in a state of vibration. Therefore, everything I do, think, or say has an energetic response.

**#4 The Law of Polarity:** Everything has its pair of opposites. All paradoxes may be reconciled. Therefore, when I humble myself, I am exalted.

**#5 The Law of Gender:** Everything is masculine and feminine. The Left Brain Hemisphere largely facilitates the masculine aspects of the mind or intellect (logic, analytical, and linear thought processes). The Right Brain Hemisphere largely facilitates the feminine aspects or intuition (creative, compassionate, and holistic thought processes). This is important in understanding how our brains have been manipulated to perpetrate the master and slave mentality.

**#6 The Law of Rhythm:** Everything flows and has its tides. All things rise to the level that they can fall. Things swing to the right to the same degree that they swing to the left. Rhythm compensates. Therefore, the greater energy I give to something, the greater the effect.

**#7 The Law of Cause and Effect:** This is where causes are set into motion prior to the manifestations. All power to affect change lies on this plane. This is the reason we can begin to understand the causes for what we are experiencing. The full understanding comes when we operate from a conscious level rather than an unconscious level. Therefore, when we choose to understand why something is happening, we can change our own experiences.

**#8 The Lost Principle (Care for Truth):** What we care enough to put our will behind is ultimately what gets created in our world. The world is the way that it is because most people do not care enough to change it through their actions. Talking about what we want will not fully accomplish the change. Therefore, it is when we truly care about the cruelties and wrongs of the world, that we will take the appropriate actions to change them.

This is a huge learning curve for us! The Powers-That-Be have not wanted us to challenge their position, so they have tried to hide the keys to our own power. Natural Law provides the keys. It is up to us to use them!

**“The government of God is the only government which will hold society, against depravity within and temptation without; and this it must do by the force of its own law written upon the heart. ...There is no safety for republics but in self-government, under the influence of a holy heart, swayed by the government of God.”<sup>12</sup>**

**- Lyman Beecher**

Attending these calls can help you understand the functions of an assembly and teach you how to become an active participant.

Pennsylvania needs eighteen (18) counties to be settled on the land to become *de jure* (lawful). Currently, Pennsylvania has four (4) "official" county assemblies settled on the land. These are Lancaster, Chester, Montgomery, and Allegheny counties. We also have ambassadors from various other counties who are interested in founding assemblies in their counties. If you are interested in starting an assembly, joining an assembly, or learning more about assemblies, please reach out to [PennsylvaniaPioneers@protonmail.com](mailto:PennsylvaniaPioneers@protonmail.com) .

## Monthly Focus

Practical ideas to help people stay in the frequency, energy or vibration of unconditional love and authenticity. Both of these are not only proven to foster better health but to also affect change in people circumstances which includes the world.

1. Use negative emotion as the tool it was meant to be and whenever you feel a negative feeling ask yourself “What do I have to believe in order to choose this emotion?” It is a choice, a choice you practiced so often it became automatic like walking.
2. Once you have your answer, ask yourself “What could I believe instead that would feel better? These two questions immediately put you in the observer mode and lessen the negative emotion and with practice the triggers will be gone.
3. Practice generating positive emotions like love, gratitude, joy for no other reason than to be healthier and affect the world in ways you can’t even imagine.
4. When you see something you don’t want, pray with gratitude that the solution is already done and get excited for your part in that solution to be illuminated.
5. When you see something you do want, enjoy it and be grateful and milk it to the highest level.

-Edith (Delmi) Behr
